Fall 2021 – 2024

Consistent academic prowess.

Skills:

- Flexible
- Programming
 - C++
 - Java
 - Python
 - HTML
 - JavaScript
- Analytic
- Leadership
 - Clear Communication
 - Accountable
 - Inclusive
 - Adept at Working with those with less technological knowledge
- Creative
- Databases
 - Oracle
 - Mongo
 - mySQL

About me:

My favorite pastime outside of computing is playing sports like soccer, pickleball, and badminton. My favorite music is jazz and classic rock and I play the alto saxophone. Working with computers is so fun for me because of the puzzle like feeling of programming and development. The joy of finishing or making strong progress on a computing task fuels my motivation. I love knowing that something I have made helps people and I sincerely look forward to building useful things.
